Zacharias Sexual Abuse Center Success Story – Health Industry

The Zacharias Sexual Abuse Center wanted to add a fun element to their annual community luncheon and silent auction. Scratch & Wins were an easy way for guests to support the fundraiser and also gave them a chance to win great prizes.

They chose Scratch Off Systems because our website made it easy for them to make a decision on the layout, artwork was easy to submit, and they liked the option of adding their own prize variations.

“Luncheon attendees were very excited and enthusiastic about the scratch off cards”
